

Lycrest 37 Flybridge Recently Serviced

The Lycrest 37 Trawler was designed in the USA and built abroad. This vessel has been with her current owner for over 12 years and has been moored and used in fresh water out of Goolwa South Australia.

Running twin shaft drive Volvo Diesels this displacement cruiser is very economical and easy to manoeuvre. The Lycrest 37 is perfect for long distance cruising, holidays and even as a live aboard option.

She has a twin cabin setup with two heads, both with shower and the master ensuite also has a bath.

A spacious saloon offers panoramic views and houses the lower helm and starboard side galley.

Access to the flybridge is from the stern and has a lot of volume for a cruiser this size allowing for a second helm and lots of seating and entertaining.

The Lycrest has had extensive work done to it, so making it a turn key vessel and ready to use. Camion does need some TLC on the Teak decks.

Would suit buyers looking for an economical displacement cruiser, live aboard or holiday house on the water.

Contact Southern Cross marine Australia to get your brochure or to arrange an inspection.
