

## Fleming 55 - The Ultimate Long Range Cruiser

Fleming Yachts are driven by passion to design & build boats that meet standards of excellence. This has led to motor yacht internationally renowned for classic good looks, seaworthy design, impeccable engineering & meticulous attention to detail. One owner 'Andante' is no exception.

Launched in 1986, the Fleming 55 is undoubtedly one of the finest cruising yachts in her class. Classic lines and constant refinement has evolved the Fleming 55 into a true living legend, providing a refined & elegant voyage.

The hull shape allows for superior fuel efficiency and a comfortable ride in all conditions and the deep keel provides stability in following seas.

The Fleming offers an unusually large aft deck, which is an extension of the salon, and offers ample space. The aft can be enclosed with cleverly designed pull down clears, that conceal away when not in use. A hot & cold shower is conveniently placed near the inward opening transom door. The spacious lazarette is accessible through three lockable hatches. Optional extras have been added on the aft deck - a locker, equipped with a basin and faucet, and insulated freezer. Handrails designed for both adults and children and wide and well-protected side-decks ensure on board safety.

Stepping into the luxurious salon, the Fleming 55 features a comfortable L-settee, hi-lo table of unique design making it suitable for dining and as a coffee table. A cabinet with powered TV and space for entertainment system components and bar fridge add extra comforts to this area.

The galley is conveniently located on the same level as the salon and is designed to be used while underway. There are ample storage lockers and drawers, and appliances include a side-by-side fridge/freezer with teak-panel doors and chilled water & ice dispenser; Miele induction cooktop; convection microwave; undermount double stainless steel sink with waste disposer and a dishwasher. A 20-gallon water heater is conveniently located close to the sinks for instant hot water. A pass-through dumbwaiter makes it safe and easy to serve food and drinks to guests on the flying bridge.

Fleming's signature low-profile design is evident even in the interior, as just a few steps lead up to pilothouse and down to the accommodations. A separate washer / drier and ample storage space is conveniently located behind a sliding door in this passage.

The forward master cabin is light & spacious and features a queen berth with headboard. There are two hanging lockers with shelves and under bed storage. The master cabin has an en suite head with a moulded fibreglass shower stall, vanity & toilet.

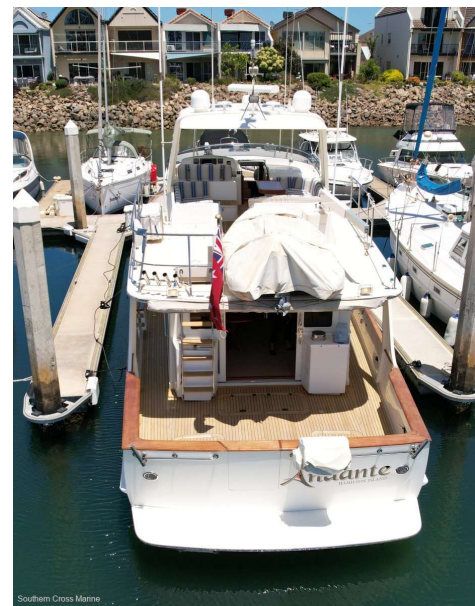

An additional two cabins offer further comfortable accommodations: the port guest cabin has two single beds with headboards and additional upper single bed. The starboard guest cabin has one lower and one upper bed. T

The guest cabins have easy access to the second head, which features a shower stall, basin & toilet.

The Fleming boasts a dedicated large pilothouse with ample room for electronic equipment, chart area, settee and table and offers excellent visibility. A few interior steps safely lead up to the fly bridge.

The low profile fly bridge is spacious and packed with

practical amenities. The control console has full engine instrumentation and ample room for electronics. . A wrap-around windshield with stainless steel handrail provides protection from wind and weather. There is ample storage for fenders and lines inside ventilated lockers.

A true entertainers space, the flybridge offers seating, a table and an ingenious pass-thru "dumbwaiter", which eliminates the need to carry refreshments up from the galley. Aft of the seating area is the separate boat deck for the tender and with remote control. From here, a ladder provides direct access to the lower aft deck.

Fleming has a sound history of pedigree yachts and *Andante's* is a must see.

Specifications are as supplied by the vendor and are believed to be correct but not guaranteed. Prospective purchasers are advised to obtain an independent survey report and mechanical check. We are a South Australia's Beneteau, Caribbean, Garmin, Dockmate Dealers and SA Premium Boat Brokers that can take care of your boating needs. We are also BIA registered.
